Redwing Farm is an 1860's farming property, which over the last ten years, has diversified into tourism.

Redwing offers three accommodation properties – The Barn, Shearers Quarters and Little Patty the vintage van – plus a function centre in the form of our renovated shearing shed.

The shearing shed space, known as 'The Shed' is utilized for weddings, events, markets, retreats and workshops, plus we welcome community and school group visits, so please keep us in mind for all of these things!

**This time you have booked your kindergarten class in!** We hope you have a fantastic time! Please keep in mind that your booking is **self-guided**, however one of our team will meet you on your arrival, and run you through some information, before letting you loose to enjoy the farm!

### **Inclusive in your group booking is:**
